

DARE TO DO MORE

Dear LaGuardia faculty and staff—

As the Middle States Virtual Site Visit draws near, please be on the lookout for emails from Professors Reem Jaafar and Justin Rogers-Cooper. If they contact you, please reply promptly in order to prepare for the upcoming meetings. As you know, reaccreditation by Middle States is required for LaGuardia to operate. No other review matters more. Thank you for your support.

Next Thursday, March 3 at 9:30 a.m. is Spring 2022 Opening Sessions; please [RSVP here](#) to attend in-person and save this [link](#) to watch the live stream on YouTube.

In-Person Work for Staff: Yesterday Executive Director of Human Resources Ron Edwards shared that we have been granted permission to delay the implementation of 70% in-person work for staff until April 4. Human Resources will send invitations to info sessions for managers in the coming days.

Vaccination Requirements for Faculty, Instructional Staff and ECPs: A friendly reminder that the vaccine mandate for full- and part-time faculty, all non-teaching instructional staff (which includes, among others, NTAs, CLTs and those in the HEO series), and personnel in the Executive Compensation Plan, is set to take effect April 1. Ensure you are able to access campus by [uploading proof](#) of vaccination. Details are forthcoming regarding how to request medical or religious exemptions.

Preparing for the Spring Term: Last week I shared some links to current guidance. Here is that list again, with some additions; please keep it close at hand to help our community be best prepared for the semester ahead
